Hi Clay,

One of our lead scientists had a last minute scheduling conflict, so I would like to postpone this meeting request until later in July or August. I will send specific date ranges and a new request shortly.

Thank you for your consideration.
Sincerely,
Carly

Carly. When I get back on the office on Monday I will check mine and others schedules to set up a meeting. I do know that I will be out of the office on the 29th. So for myself to participate the meeting would need to be on May 28. I will get back with you next week when I can form up times. Thanks Clay
